

DRAKE
INTERPLANETARY

CORSAIR

SAIL
THE STARS

Since its earliest days, Humankind has been captivated by the unknown. Seeking the means to explore it, to uncover its mysteries, and perhaps conquer it for themselves. The romance and danger of deep-space exploration continue to fascinate us, coalescing into the undeniable spirit of adventure that calls to us all.

That spirit thrives in the Corsair, Drake's steadfast new explorer. Returning yet again to the well of concentrated consumer outreach that produced the Vulture and Kraken, our engineers and designers have built an expedition-focused ship as dedicated as the people we conceived it for. And in the process, we created another unyielding testament to the will of the UEE and the empowering values of Drake.

Embrace this spirit with us as we set sail into the unknown. You never know who the next Nick Croshaw might be. With Drake at your side and the wind in your sails, it could be you...

THE CALL OF THE OPEN SKY

Are you among those that only feel truly at home navigating the stars? For whom being planet-locked is a fate worse than death?

Do you hear the songs of far-off galaxies, calling through the steely silence of space, pulling you ever-forward to systems uncharted and frontiers untamed? Do you seek to embody the very spirit of adventure – the bold, indomitable will of Humankind, dauntless in its relentless pursuit of fortune, expansion, and knowledge?

If you do, the Corsair is your ship.

DOWN WITH THE TIDE

You never know what threats may lie beyond the next quantum jump. With an abundance of versatile weapon mounts, port and starboard manned turrets, and enough missiles to make even the hardest pirate think twice, the Corsair is more than capable of holding its own.

What else would you expect from a ship built for the unexpected?

ADVENTURE TODAY

The Corsair is built for the unknown and excels at reconnaissance, extraction, and delivery in the furthest and least predictable reaches of space. Thanks to a large hold capable of stowing a small vehicle or massive amount of cargo and specially designed asymmetric convertible wings, the Corsair adapts gracefully to unfamiliar atmospheres, combat situations, and hot landing zones.

ALL HANDS ON DECK

Who says extended space travel has to be arduous and uncomfortable? The roomy and functional cabin offers exceptional comfort, whether you're on an extended mission or you call the Corsair home.

BUILT TO EXPLORE

A vast and versatile hold accommodates a ground-exploration vehicle (not included) or up to 72 SCU in cargo.

Advanced personnel quarters include full kitchen/washroom facilities and private berths.

Bridge-adjacent fore-cabin provides the captain with comfort and the ability to jump into action with a moment's notice.

Take exploration into the next century with top-flight crew quarters, a full complement of state-of-the-art scanning suites, and a flexible cargo bay. In the Corsair, you don't need to sacrifice comfort for capability.

MAN THE HELM

With Drake's now-legendary perpendicular cockpit configuration, both you and your co-pilot enjoy unfettered visibility and maximum synergy. The patented articulated arm offers incredible ease-of-access, so you're always ready to jump into the action when the need arises.

BASIC STATS

LENGTH	55m
WIDTH	56m (flight) 27m (landed)
HEIGHT	31m (landed) 11m (without wings)
MASS	TBC
FLIGHT SPEED	TBC
SEATS (STATIONS)	4
CARGO CAPACITY	72 SCU

WEAPONS

HARD POINTS	2x S4 (S3 gimbal weapon) wing (left side)
	4x S5 (S4 gimbal weapon) front
TURRETS	2x turrets with S2 guns (side coverage)
	1x remote turret with S2 guns (rear coverage)
MISSILES	4x S4 Missile Rack (right wing)
	•2x S3 on each
COUNTERMEASURES	Chaff/Flare

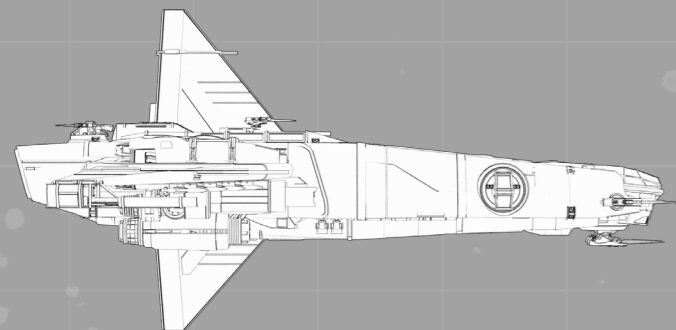

PROPULSION

JUMP DRIVE	1x Medium
QUANTUM DRIVE	1x Medium
THRUSTERS	2x Name TBC (Main)
	12x Fixed mav TBC
POWER PLANT	2x Medium

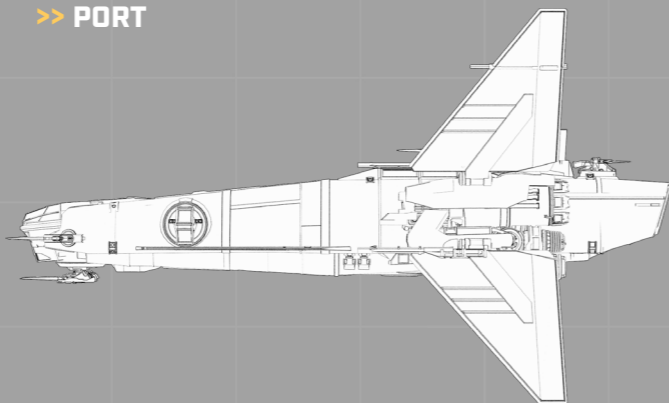

HULL

ARMOR	1x Medium
LIFE SUPPORT	1x Medium
FUEL TANKS	2x Medium
QUANTUM FUEL TANK	2x Medium
